There are three repayment options available. Repayment begins at least 30, but no more than 60 days after disbursement. The borrower may choose to elect one of the two in-school repayment options described below by completing the information in the relevant field in Section A. Otherwise, the borrower will receive the standard repayment option of level, monthly payments of principal and interest. The minimum monthly payment for standard repayment is \$30.

- **Interest-only Repayment Option-** The borrower can elect the interest-only repayment option during the in-school period and then begin standard repayment of interest and principal payments once school is finished. If the borrower elects this option, he/she must indicate the number of desired interest-only monthly payments (Section A). However, this option is not available beyond the school certified Anticipated Graduation Date listed on the loan application (Section D).
- **Deferment Repayment Option*-** The borrower can elect the deferment repayment option for up to 48 months and make \$10 monthly payments that will be applied toward the interest that accrues on the loan during the deferment period. Unpaid interest will be added to the borrower's principal balance (capitalized) at the end of the deferment period. The borrower will then pay interest on the higher principal amount. If the borrower elects this option, he/she must indicate the number of desired \$10 payments (Section A). However, this option is not available beyond the school certified Anticipated Graduation Date listed on the loan application (Section D).
